PACS. 74.60.Ge – Flux pinning, flux creep, and flux lattice dynamics.

On page 112 eq. (3) should read as follows:

$$Z = \frac{1}{2\pi} \int_{-\infty}^{+\infty} dk \sum_{n_i} \exp \left[ -\frac{\tilde{H}}{T} + ik \sum_i n_i \right]. \quad (3)$$

This does not affect the further discussion and the results of the letter.

In the acknowledgements the following sentence should be added:
